Dear Mr. Daigle,

I would like to express my opposition to SB 840. It is imperative for the citizens of CT to have a voice concerning energy issues. With the rising costs of fuel and energy prices, the Office of Consumer Council serves a valuable role for the residents. The elimination of this office serves no purpose in reducing the state budget. It only serves notice of the politics at play in our state government.

Thank you for the opportunity to express my opinion.

Kind Regards,
